

FIGURE 8-27

U.S. companies introducing new or significantly improved products or processes, by industry sector, number of companies, and percentage of companies: 2014–16

**Note(s)**

Statistics for the number of companies are based only on companies in the United States responding "Yes" to at least one of the items on the survey relating to new or significantly improved products regardless of whether the company performed or funded R&D. These statistics do not include an adjustment to the weight to account for unit nonresponse.
