

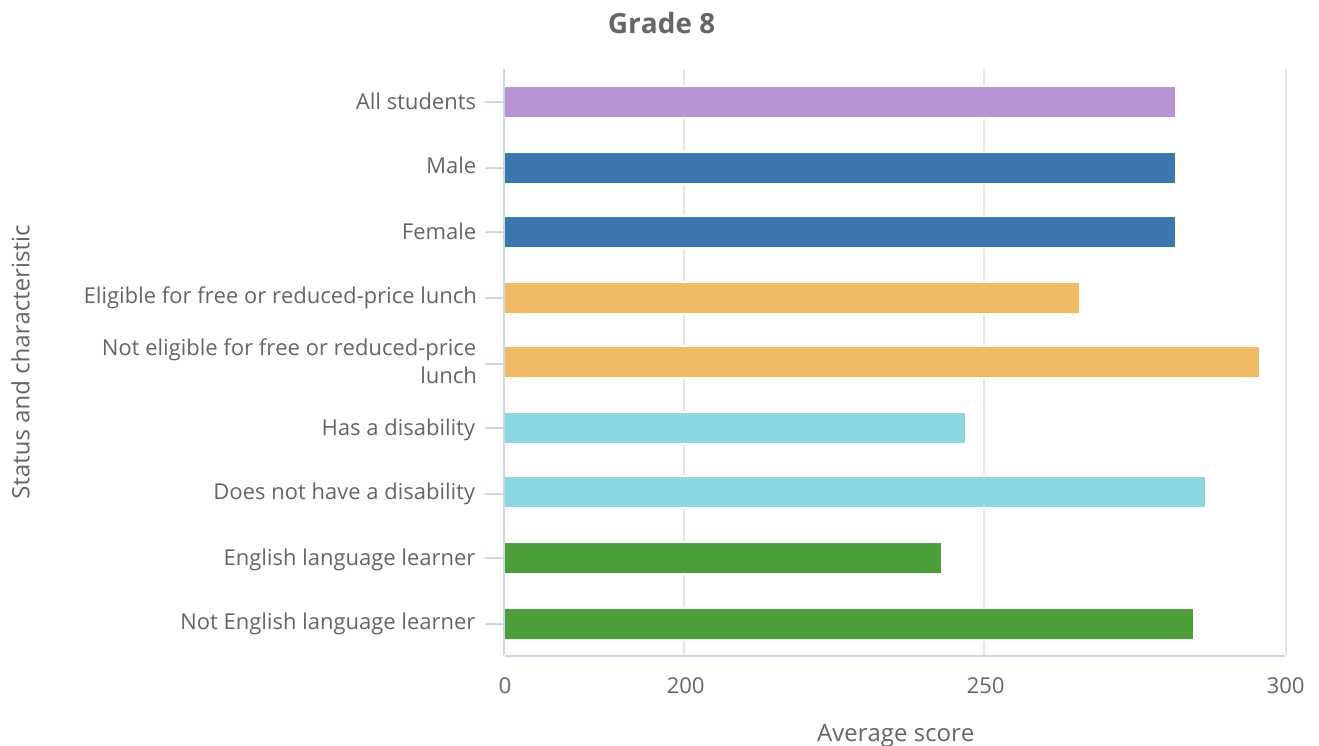

Figure K12-3

Average scores of students in grades 4 and 8 on the NAEP mathematics assessment, by sex, socioeconomic status, disability status, and English language learner status: 2019

**Note(s):**

The scale for NAEP mathematics assessment scores is 0–500 for grades 4 and 8. NAEP uses eligibility for the federal National School Lunch Program (NSLP) as a measure of socioeconomic status. NSLP is a federally assisted meal program that provides low-cost or free lunches to eligible students. It is often referred to as the free or reduced-price lunch program.
