

Figure PPS-10

Helped a child with a science project in the past 12 months, by family income and education: 2020

n = number of survey responses.

Note(s):

See Table SPSS-22 for standard errors. Income tiers are based on 2018 family incomes that have been adjusted for household size and cost of living in respondents' geographic region. Middle income includes respondents whose family incomes are between two-thirds of and double the median adjusted family income among the panel of respondents. For a three-person household, upper income is approximately \$112,601 and above, middle income is \$37,500–\$112,600, and lower income is less than \$37,500. Responses are to the following:

- *Thinking about things you have done outside of work over the past 12 months, have you ever done the following?
Helped a child with a science project, whether for school or for an outside-school activity.*
