U.S. publications with funding information indexed in Scopus, by field: 2003–22

Note(s):

Articles are classified by their year of publication and are assigned to a region, country, or economy on the basis of the institutional address(es) of the author(s) listed in the article. An article is considered to have funding information indexed in Scopus if the funding acknowledgments text is available or if other funding information was linked with the publication record (e.g., parsed information provided separately by the publisher).
